Appointment Policies

An appointment on our schedule is a bond of trust that we will be here to serve you, and you will be present for treatment. Star City Family Dentistry, Inc. does not double book appointments. This allows us to give you our full attention at your appointment. Our office policy is firm in this regard, and we will not tolerate frequent cancellations, constant short-notice changes or tardiness. We must have mutual respect for each other's time. We make every effort to be on time for our patients and ask that you extend the same courtesy to us. We will not be able to treat patients who have a history of missed/cancelled appointments or are late without valid reasons.

ALL minors under the age of 18 are REQUIRED to have a parent/legal guardian (in cases of children of divorced/separated parents) present during the appointment, unless an authorization for minor child accompany form has been signed by parent or legal guardian. If an authorization for minor child accompany form is being utilized the person being authorized to bring the child must be 18 or older.

As a courtesy, our staff attempts to confirm appointments two days before the appointments scheduled date and time. However, it is ultimately your responsibility to keep your appointment and be on time, even if we have not been able to contact you. We also ask that you arrive 10 minutes prior to your appointment time in order to update any personal information, insurance changes and to pay any patient portion of treatment that may be due at that time. The appointment time is the actual time that you should be seated and prepared for treatment.

We understand that illness, emergencies, flat tires, and bad weather do occur. We ask our patients to give 24 hour notice to reschedule or cancel any appointment. This will allow us time to offer the newly available appointment slot to other patients. While we understand that unforeseen circumstances occur, we just ask that you please respect the time that we have reserved just for you.

Star City Family Dentistry, Inc. allows for one failed appointment before a \$75.00 reschedule fee is required. Broken appointment fees are applied to each individual appointment that is failed. For example if you have a family with multiple appointments failed, each family member will incur a broken appointment fee.

If you arrive 10 minutes late for a hygiene appointment you will be required to reschedule that appointment. Every subsequent time that you arrive 10 minutes late you will be required to reschedule the appointment and pay a \$75.00 reschedule fee.

If you arrive 10 minutes late for an appointment with Dr. Bradley, treatment may be altered to perform another treatment in the remaining time of the appointment or you may be asked to reschedule the appointment. Every subsequent time that you arrive 10 minutes late and an alternate treatment cannot be performed, in the time remaining, you will be required to pay a \$75.00 reschedule fee.

If you call the office stating that you are on your way, and it is already your appointment time or into your appointment time, you will be asked to reschedule the appointment. You can do this while you are on the phone, or you can call back to reschedule. If you have failed previously or have cancelled with less than 24 hour notice previously, you will be charged the \$75.00 reschedule fee.

For established patients, if three failed appointments occur, our office reserves the right to NOT schedule any subsequent appointments, and you will be dismissed from the dental practice.

New patients will NOT be accepted into the dental practice, if they fail to show or cancel without proper 24 hour notice for the initial new patient appointment.

All NEW PATIENTS must confirm their first three appointments after their initial appointment in order to establish themselves as responsible patients. If they fail to confirm the first restorative appointment, then ALL future appointments will be cancelled. This will be considered their first failed appointment without being charged a \$75.00 reschedule fee. If they do reschedule after failing their first appointment they must confirm the first three appointments. The second time that they fail, ALL future appointments will be cancelled, and they will need to pay a \$75.00 reschedule fee. If they fail a third time they will be dismissed from the dental practice.

Our number one concern is our patient's dental health. Providing services in a timely manner is critical to accomplish that goal. Our other goal is to keep the cost of dental services as economical as possible. The appointment you schedule for treatment is reserved for you and your treatment only. When you fail to keep your appointment without providing us adequate notice, this adds to the overall cost of care, as trained professionals and dental facilities are not being utilized.

We appreciate your understanding and consideration regarding our appointment policy and if you have any questions or concerns, never hesitate to ask.

I have read and understand this document in its entirety; outlining the office appointment policies of Star City Family Dentistry, Inc.

Financial Agreement

Since we are a dental provider for most insurance carriers, we will submit your insurance claims for you. However, your insurance policy is an agreement between you and your insurance carrier; therefore, all patients are directly responsible for any co-payment (patient portion of percentage not covered by insurance carrier) and deductibles. Due to the constantly changing insurance contracts, benefits and deductibles, we are only able to estimate your insurance coverage. Although we estimate your insurance benefits we are not responsible for their accuracy. Knowledge of your benefits as well as benefit amounts, limitations, exclusion, and waiting periods, etc. is entirely YOUR responsibility. Receiving our services indicates your acceptance of responsibility to pay regardless of our estimate.

Payment for co-payments/deductibles or other charges are due at the time of service. We accept cash, checks, Visa, Master Card and American Express

Treatment provided in another dental office during your current plan year may alter your co-payment due for services in our office. In such cases we are not able to track whether or not you have reached your yearly maximum benefits. Please call your insurance carrier if this applies to you.

There are many factors in determining patient responsibility where coordination of benefits between two insurance carriers are involved. We will provide you with the most accurate information available to us but CANNOT guarantee what your out of pocket expense will be.

All dental services rendered, whether or not covered by insurance, are ultimately the financial responsibility of the account holder. We will give your insurance carrier 60 days to remit payment. If there is still no payment after this time, in order to keep your account current, you will be financially responsible for 100% of the outstanding insurance claim. A statement will be sent to you, and payment in full will be due on the due date printed on the statement. If the balance is not paid by the due date on the statement then all future appointments will be cancelled until balance is paid. It is the responsibility of the account holder to follow up with their own insurance carrier regarding the non-payment of the claim, (our office will try and assist you to the best of our ability if needed). Should our office eventually receive a payment from your insurance after it has been paid by you, a prompt refund will be issued.

Past due accounts: If payment is not received by the due date printed on the statement, then your account is considered "past due". We reserve the right to charge 1.5% per month, from the date of service, until the account is paid in full. If the balance is still unpaid after 90 days, the account will be turned over for further collection action. If an account is turned over to our collection agency and/or our attorney for collection, the account holder will be responsible for ALL attorney and/or collection fees. These collection fees will be added to the outstanding portion of the account and will also become the financial responsibility of the account holder. If your account is sent to collections, the patient and any patients connected to the account, will be dismissed from the practice and will not be accepted back into the practice.

Patients that do not have insurance are required to pay the entire amount of treatment charges at time of treatment and will receive a 5% discount.

I understand my financial obligation as outlined above. I am aware that any balance outstanding after sixty (60) days is my responsibility and if it is due to an insurance matter, I am responsible for resolving the issue.

COVID-19 PANDEMIC NOTICE AND ACKNOWLEDGEMENT OF RISK

The World Health Organization has characterized the COVID-19 virus, also known as "Coronavirus," as a pandemic. Our practice wants to ensure you are aware of the risks of exposure to COVID-19 associated with receiving treatment during this pandemic.

COVID-19 is highly contagious and has a long incubation period. You or your healthcare providers may have the virus, not show symptoms and yet still be highly contagious. COVID-19 can result in a life-threatening respiratory disease in some patients. You may be exposed to COVID-19 at any time or in any place. Due to the frequency and timing of visits by other dental patients, the characteristics of the virus, and the characteristics of dental procedures, there is an elevated risk of you contracting the virus simply by being in a dental office.

Dental procedures can create fine water spray or "aerosols" which may remain in the air for several minutes to hours. These aerosols may contain the COVID-19 virus and may create a risk of COVID-19 exposure. You cannot wear a protective mask over your mouth to reduce exposure during treatment as your healthcare providers need access to your mouth to render care. This leaves you vulnerable to COVID-19 transmission while receiving dental treatment.

To provide a safe environment for our patients and staff, this practice follows the applicable state and federal regulations and protocols for infection control, universal personal protection, and disinfection. However, due to the nature of the procedures we provide, it may not be possible to maintain social distancing between patients, doctors, and staff at all times.

Patient Acknowledgement

I acknowledge that I have read the Notice above and that I understand and accept that there is an increased risk of COVID-19 exposure with treatment during the pandemic.

I understand and accept the increased risk of COVID-19 exposure with treatment at this office.

I also acknowledge that I could, or may have, exposure to COVID-19 from outside this office and unrelated to my visit here.

I have read and understand the information stated above:
